## 14 day Network Support

We understand the importance of trust in business relations, which is why we are prepared to demonstrate our service by offering a completely free, no obligation 14-day support service trial to businesses located in London and the home counties.

During your trial we will fix any software problems for **Free**, install and maintain a complete secondary backup system to ensure your data is protected **Free**, compile a detailed inventory of your network **Free**, and cover all labour costs for replacing failed hardware **Free**.

### *What do I get during my Free trial?*

You will get the same friendly highly professional support service as our paying customers for a period of fourteen days.

### *What happens at the end of the trial period?*

At the end of the trial period we will give you a status on your IT systems and provide a competitive quote for continued support.

### *What if I decide not to use you after fourteen days?*

No problem, we will not charge you a penny and you will still benefit from a more reliable and stable network - you have nothing to lose!

So if you are looking for a long-term IT partner to advise, maintain and support your systems - give us a go!

For your no-obligation free trial contact us today!
